GENUSS  
EVENT  
FERIEN  **RÜBEZAHL**  
AM MÜGGELSEE

Relax in one of our twenty-two holiday homes. You can switch off or recuperate from a strenuous city visit in spacious rooms of 130 to 140 square metres. Enjoy the glorious woodland air on the large grounds in the midst of nature.

Our holiday homes are furnished according to the latest standards.

## Can be booked from just two nights.

Thanks to air conditioning in the first floor hallway and underfloor heating, the holiday homes are very pleasant in any weather and at any time of year. The living area is bathed in light thanks to the floor-to-ceiling windows.

On the terrace you can have a barbecue together, have breakfast or just enjoy the sun.

RÜBEZAHL  
AM MÜGGELSEE

Forest, water, hiking and cycling paths provide you with a unique opportunity to spend your free time. Three outdoor pools by Müggelsee that can be easily reached by bike, are waiting for guests.

Whether a bike ride with the family, an excursion by steamboat or a hired boat, carriage rides through the forest, being a pirate on our huge adventure playground, hikes along the lake, or hiking down the Müggelberge hills, Rübezahl is the perfect starting point for endless outdoor activities. We even have our own bees here, which collect the nectar for the delicious honey from the nature reserve's meadows and forests. However, winter is also the perfect time to enjoy nature here. Skating on our ice rink, cross-country skiing in the Müggelberge hills, mulled wine and punch in the beer garden by the fire... just relax and enjoy.

# Celebrate parties properly

We have just the right room for your event, whether company party, wedding or beer garden party

Whether a small, classy family celebration starting from 20 people, a rustic event in the beer garden, a company event with 600 places or an outdoor event with 1500 people, we are always open to your individual requests. From the customisable Müggelsee room to the stylish Rübez-ahl lounge, we have exactly the right setting for you. Our competent, on-site team will help you successfully organise your event and put it into effect. Do you want your wedding to be an unforgettable experience? With our ideas, your celebration will be perfect.

## IDYLICALLY SITUATED · QUICK TO REACH

With all its sights, Berlin offers our guests an almost inexhaustible source of excursion destinations. However, you will also find a lot of sights worth seeing in the immediate vicinity.

### The palace and town hall at Köpenick

This is where the famous “Captain of Köpenick” is from. The baroque palace with its remarkable collections of decorative arts from the late 17th century is picturesquely situated on the peninsula between the Dahme and Spree rivers and is also worth a visit. [The museum in the waterworks at Friedrichshagen](#)

The historic “colonist village” of Friedrichshagen, founded by Friedrich II, lies on Müggelsee’s northern shore. The neo-Gothic waterworks dating from 1888 now houses the Waterworks Museum.

### Teufelssee lake and the Müggelberge hills

There are many myths surrounding this body of water. The shallow and nutrient-rich lake is an upland moor formed during the Ice Age. The Teufelssee lake forest school maintains a three-kilometre nature trail by the lake.
